

Formula 1

Multi-mineral supplement with chromium, manganese, magnesium, potassium and zinc for metabolism support and the maintenance of general wellbeing.

AUST L 227814

Pack Size: 84 Tablets

Recommended Dosage: Adults – Take one tablet once daily or as directed by your healthcare professional.

This product contains no wheat, yeast, soy, alfalfa, milk or corn allergens and no sucrose, starch, gluten, hydrogenated oils, artificial colours, flavours or preservatives.

Key Features and Benefits:

- With magnesium and potassium for additional nutritional support.
- Provides zinc, which helps support healthy immune function, normal skin renewal processes, the structure and integrity of cell membranes and normal male physiology and function.
- Contains manganese, which is involved in the metabolism of carbohydrates, amino acids and cholesterol, and supports the growth and maintenance of connective tissue and cartilage.
- Delivers high strength chromium, which is required for carbohydrate, protein and fat metabolism and aids in the transport of glucose into cells.
- May assist in the maintenance of normal blood sugar levels in healthy individuals.
- Source of nutrients with antioxidant properties to assist in protecting the body from the damaging effects of free radicals.
- Minerals in the form of amino acid chelates and citrates for optimal absorption.

Ingredients:
